

BaseLED 69

System wattage: 29/45w

Body construction: PMMA body and diffuser complete with stainless steel fixings

Product sizes: 1200/1500mm

The BaseLED 69 PMMA is a high quality IP69 rated energy efficient chemical resistant luminaire designed to operate in aggressive and demanding environments

Applications

- Food and agricultural
- Damp room areas
- Chemical industry
- Farms
- Car wash tunnels
- Petrochemical industry
- Industrial applications

Luminaire Performance

- Up to 70,000 hours at 25°C L70
- Up to 6,000 luminaire lumens
- Operating temperature -25° to +35°C
- Protection Rating: IP69K
- Impact resistance: IK03
- Fire protection: Flammability (UL94): HB/Glow wire test (EN 60695-2-11) 650°C
- Fire protection: THD < 10%
- Colour temperature 4000k
- CRI >80
- Class 1

Luminaire Variants

- Dimmable driver
- Through wiring
- Colour temperature 3000k
